👤 PROFILE

Recent Graduate with a strong academic background in information technology (Bachelor's, 2023). Highly skilled in core front-end technologies (HTML, CSS, and JavaScript), with proven proficiency in Adobe Photoshop. Proven ability to work under pressure and proven experience in the Microsoft Office suite

🎓 EDUCATION

Bachelor's Degree in Computers and Information Technology (GPA: 2.68)

The Egyptian E-Learning University

2019 – 2023 | Assiut

Graduation Project: Stock market forecasting using Machine Learning techniques (Grade: Excellent A)

📁 PROJECTS

Personal Gallery Website

Developed an updated version of the personal portfolio, demonstrating front-end efficiency (performance and code quality). The structure utilized Flexbox and CSS Grid for full responsiveness. Relied on CSS Variables for code maintenance and Preconnect for fast font loading. Used JavaScript to improve UX, including a CV download button for easy access

MAL3BAK Website - Stadium Booking

Development of a mobile-first front-end for the MAL3BAK website, aiming to facilitate the stadium booking process. The focus was on responsiveness and code efficiency, using HTML5/CSS3 Variables/Vanilla JavaScript for dynamic navigation and search filters

Vital Pharmacy Landing Page

Developed a modern, fully responsive landing page for a pharmaceutical service, built exclusively with pure HTML5 and CSS3. Achieved adaptive design using optimized CSS Media Queries and implemented advanced styling techniques, including Glassmorphism and Neumorphism, to ensure high visual appeal and code mastery.

CV Website

Developed a responsive CV file, demonstrating efficiency in HTML5 and CSS3. Focused on code quality, utilizing CSS Variables for maintenance and Flexbox for responsiveness across screens. Utilized the Font Awesome library and integrated external source links

🧠 SKILLS

Web Development
- HTML5 & CSS3 (Responsive Design)
- JavaScript (Foundational)

Software/Tools
Photoshop, MS Office Suite (Word, Excel) Certified

Programming Languages
Java (Good), C++ (Good), Python (Good)

Working Under Pressure
Maintaining quality and adhering to deadlines

Problem-Solving
Complex technical analysis and effective solution delivery

Teamwork & Communication
Effective collaboration across cross-functional teams

Adaptability & Learning
Rapid integration of new technologies, tools, and best practices

Quality Focus
Attention to detail, superior quality, and adherence to project standards

🏠 ORGANISATIONS

Ahl Abnub Charity Association

2021 – Present | Assiut

Managing social media content, ensuring prompt response to general inquiries

Design visual identity and advertisements using Adobe Photoshop to support campaigns

🎖 CERTIFICATES

Egyptian Armed Forces
Military service completed (Sep 2025); acquired certificate of proficiency in MS Office and Photoshop during service
